- *Pneus de camion usagés 10-ply 245 R16"*

Tombstone Skid Feeder, designed with horses in mind.

Protects manes
Eliminates bumps or bruises.
Double bar keeps hay wastage to a minimum.

- Feeds round or square bales or grain
- "V" floor for easy feed flow.
- Constructed of heavy duty 12ga. steel.
- 2" square tube frame

Tombstone Feeder

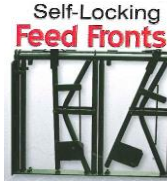

Width: 7' & 8'

Length:
8', 12', 16', 20'

*Mangeoires Thombstone skid créées en pensant aux chevaux
Protege les crinieres et elimine les bosses et les contusions
La double-barre garde le gaspillage de foin au minimum.*

- *Plancher en V assurant l'écoulement de la nourriture*
- *Pour balles rondes et carrées et grain*
- *Construites d'acier renforcé 12 ga.*
- *Cadre en tube de 2" carré*

Works great for vaccinations, artificial insemination, and ear-tagging. Makes it easy to catch cattle in the field. A raised center platform allows for easy access for cattle's head. Double inside bars keep waste to a minimum.

Locks on all 4 sides

- 8' - 14 locks
- 10' - 16 locks
- 12' - 18 locks
- 16' - 22 locks
- 20' - 26 locks
- 24' - 30 locks

- Constructed of heavy duty 12ga. steel. 2" square tube frame.
- Feeds round or square bales, grain, silage and TMR
- Adjustable spring-loaded locks for any size cattle
- Entry door & raised center "V" platform
- Adjustable spring-loaded locks on all four sides.

*Fonctionne bien pour la vaccination, l'insémination artificielle et le marquage d'oreille.
Rend facile la tâche d'attraper le troupeau au champ.
Une plate-forme centrale surélevée permet un accès facile aux têtes du bétail.*

- Construites d'acier renforcé 12 ga.
- Cadre en tube de 2" carré
- Pour balles rondes et carrées, ensilage, grain et TMR
- Serrures ajustables a ressorts pour toutes tailles de bétail sur les 4 cotés
- Porte d'entrée & plate-forme centrale surélevée

- Constructed of heavy duty 12ga. steel. 2" square tube frame
- Feeds round or square bales
- Heavy-duty 2" square tube frame
- "V" floor for easy feed flow.
- 8" spacing on inside double bars

- Construites d'acier renforcé 12 ga.
- Pour balles rondes ou carrées
- Cadre en tube de 2" carré renforcé
- Plancher en V assurant l'écoulement de la nourriture
- Espacement de 8" a l'interieur des double-barres

Field-Proven" for horses.

Width: 8'

Length: 8' & 12'

- Feeds round or square bales, grain, silage and TMR
- Constructed of heavy duty 12ga. steel.
- Heavy-duty 2" square tube frame
- "V" floor for easy feed flow.
- Inside double bars 8" apart for minimum feed wastage.
- Constructed of heavy-duty 12ga. steel.

- Pour balles rondes et carrées, ensilage, grain et TMR
- Construites d'acier renforcé 12 ga.
- Cadre en tube de 2" carré renforcé
- Plancher en V assurant l'écoulement de la nourriture
- Barres doubles interieures a 8" d'ecart pour un gaspillage de nourriture minimal.

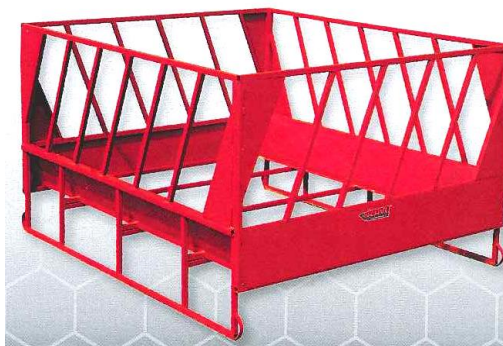

Designed for dry and haylage bales

Length: 8', 12', 16'

- Feeds round or square bales
- Constructed of heavy duty 12ga. steel.
- Heavy-duty 2" square tube frame
- Optional: Solid steel floor
- Feed Front: • 2" x 2" tube frame
 - 1-1/4" slant bars
 - 12" or 20" Skirt bottom

- Pour balles rondes ou carrées
- Construites d'acier renforcé 12 ga.
- Cadre en tube de 2" carré renforcé
- Option:** Plancher d'acier solide
- Cotés: • Cadre en tube 2" x 2"
- Barres inclinées 1-1/4"
- Bas: 12" or 20"

Heavy-Duty Rectangular Feeder

Width: 5', 6', or 7'
Length: 8', 12', 16'
